

## Non Advanced Sixth Round & Sean Kenny LIPF

What a great end to the Non-Advanced Monthly competitions we had last Thursday. The standard in this section has been exceptionally high this year and last week followed suit. It has been very encouraging to see so many of our newer members participating in the competitions and congratulations to everyone who has taken part during the year.

Two images were awarded 20 points, Mark Conroy's futuristic mono image and Alex's colour image of a hanging basket. In the end, bragging rights to Image of the Month were awarded to Mark for his mono image. Thanks to Gabriel for filling the shoes of judge this month.

For any members who have or will qualify for the POTY on the 10th March, please make sure that you are fully familiar with the process and rules for entering images to the final night. If you are not sure, please ask some of the more experienced members who will talk you through the process.

Gabriel O'Shaughnessy presents Mark Conroy with Image of the Month

In the second half of the evening, Sean Kenny gave a talk on his recent successful LIPF Panel. It was fabulous and a huge thanks to Sean for showing it. Sean is no stranger to speaking to an audience and it showed. He spoke ad lib on the panel preparation process before presenting the history of each image in his panel. It always gives great encouragement to other members when they see someone doing well and spurs them on to achieve bigger and better things.
