

Lorraine Gilligan FIPF

Lorraine Gilligan from Celbridge Camera Club, is a passionate hobbyist photographer. For her Images are all about storytelling, there has to be an expression and emotion, a moment captured.

Lorraine has a strong interest in fashion photography, for her Fashion photography isn't about a product, its about dreams and the idea of something, be that romance, luxury, passion or her favourite..drama! Lorraines other passion is the grace, form and expression of artistic nude photography. The heady combination of all of this sends her imagination into overload, spinning into daydreams and wonderings about the characters and stories of the images she creates.

Lorraine feels that understanding photography is a journey she has only just begun and you can view some of her work on her website at www.lorrainegilligan.com
