

2013 Guest Speakers

Dundalk Photographic Society

Paul Stanley AIPF EFIAP ESFIAP

Paul Stanley AIPF EFIAP ESFIAP comes from Dublin and has been involved in photography at local, national and International level for more than 30 years.

Paul is a documentary photographer and in recent years has concentrated on Travel Photography. He also takes landscape photographs, especially those of the sea - which leads to a slight problem as both are different disciplines.

Paul captures his images using both digital and film and produces most of his monochrome images from film in the traditional darkroom.

Paul is a member of the Dublin Camera Club, serves on the IPF committee and is a founder member of Peoples Photography.
